

Founder Trust Review Guide

Product Purchased: Founder Trust Review (\$149 Early Access)

Thank you for your purchase.

Your order has been received. This early-access release is fulfilled manually by our governance engineering team to ensure accuracy for your workflow.

Action Required to Receive Your Deliverables:

- **Submit your workflow details:** Reply to your Gumroad receipt email or write to thegeiya@gmail.com with your Workflow Name, Risk Level, high-level technology stack description, and primary target counterparties (e.g., Payment Processors, Investors, Insurers, Enterprise Clients, Regulators).
- **Optional Report ID:** If you ran the online diagnostic tool, include your Report ID to automatically link your complete diagnostic payload.
- **Specific Focus:** Include any specific architecture questions or due-diligence concerns you want our governance engineering team to address.

Expected Delivery Time:

Your report package will be emailed to your purchase address **within 48 business hours**.

Gumroad License Key Notice:

Your Gumroad License Key serves as your unique purchase reference number. Automated license key verification is not enabled during early access. Please include your License Key in any support email if needed for purchase reference or verification.

Customer Support & Inquiries:

Direct Email Support: thegeiya@gmail.com

Important Pre-Diligence Disclaimer: This document and associated deliverables are pre-diligence evaluation aids. They do not constitute formal legal, regulatory, cyber insurance, payment processor, or investment advice. Scores rely on user-provided operational details. External counterparty acceptance is subject to independent audit and is not guaranteed.
